### Relevant Experience

Prior to joining the firm, Mr. Rupe was a principal with Bartlett Cocke and Associates and its successor firms for almost thirty years. After leaving that firm in 1985 Mr. Rupe was manager of the San Antonio office of the Hillier Group for the production of plans for the new Texas Military Institute Campus and provided construction administration for that project as a principal with Davis-Rupe Inc. firm. His experience as a Director of Construction Administration includes:

Texas MedClinic, Various Locations  
Pearl Brewery, Full Goods Warehouse  
Pinnacle Retail Center  
Southwest Research Institute, Info Technology Bldg  
San Antonio Housing Authority, Townhomes  
San Antonio Police Headquarters Renovation  
The Chancellor Apartments  
San Antonio International Airport Terminal Improvements  
San Antonio International Airport Roofing  
Texas Military Institute, Original New Campus  
City Hall and Police Station for Shavano Park  
City of San Antonio, Fire Station #46, Stone Oak  
Texas MedClinic, Embassy Row  
Texas MedClinic, New Braunfels  
Southwest Research Institute, Bldg. 168 Addition  
West Avenue Church of Christ

Mr. Rupe participates in the policy planning of the firm. His major technical responsibilities include: managing the production and quality control of construction documents, assisting in the bidding phase, construction administration and managing production of project specifications.

Mr. Rupe, AIA has been on the Board of Directors since 1993 and he resides in Bulverde, Texas.
