Gabriel will be the local main point-of-contact to the client over all issues and will assume primary responsibility for the management of the team. He has over twenty-nine years of professional experience in design, master planning, programming, cost estimating, and project management. In addition, his experience ranges from the renovation of the San Antonio International Airport to warehouse space planning, governmental and high-rise office buildings. Mr. Durand-Hollis was a member of the Sustainable Design Assistant Team for Hilo, Hawaii in 2009. Gabriel was a juror for the UIA 2016 Olympic Park International Master Plan Design Competition in Rio De Janeiro, Brazil in September 2011. Gabriel has been a Principal owner since 1986 and resides in San Antonio.
